

WORKSHOP SERIES 2011

Climate Change Risk Management

Workshop components

- Presenter
- Presentation
- Workbooks
- Post workshop questionnaire and feedback form

Workshop Length: 4 hours including morning / afternoon tea

Venue Requirements: Ability to connect to a large screen. Possibility of internet connection or WIFI would be excellent.

Workshop Investment: Please contact us to discuss your specific need and we will provide a quote.

The **Climate Change Risk Management workshop** is designed to help participants understand the emerging business risks their business may be exposed to through changing environmental conditions, and provide a simple process for identifying and managing these risks to sustain their long-term business operations. The workshop guides participants to identify, analyse and assess climate change-related risks and integrate them into their existing risk management framework and register.

The **Business Shaping Workshop Series** aims to help small and medium businesses embed green and sustainable practices to increase revenue, reduce costs, enhance reputation and achieve competitive advantage in their market.

Content:

This workshop will cover:

- Climate change – background and introduction to climate change impacts
- Emerging business risks through market and political drivers
- The risk assessment framework - processes and tools for identifying, analysing and assessing climate change related risks
- Processes for identifying, assessing and managing risks relevant to your business.
- Steps for developing a Strategic Risk Management Strategy
- Integrating prioritised risks into risk management framework and register

Learning Outcomes:

From attending this workshop you will learn the following:

- How to identify key climate change risks relevant to your business
- Identification of risks to your assets/activities from climate variables
- Appropriate responses to minimise risks
- A clear understanding of the steps required to minimise risk
- Applying a simple framework for assessing and managing risks for your business

Audience:

CEO's , Managing Directors, Business Owners, Executives, General Managers, Sustainability Officers and Risk Managers of small, medium and large organisations.

Workshop Facilitator

As one of Australia's leading sustainability practitioners and entrepreneurs, **Dan Atkins** has more than 15 years experience advising organisations across Australia, Asia, Europe and the USA. A pioneer in the sustainability sector, Dan was responsible for establishing Deloitte's sustainability division in Australia,

and managed their Global Centre for Excellence for Environmental and Sustainability Services in Denmark. Dan was the former head of environmental affairs at Toyota Australia and has advised many of the world's leading companies including Toyota Motor Corporation, Novo Nordisk, Norsk Hydro, UBS, Amcor, Santos, Europcar, BHP Billiton, Spotless, ANZ, George Weston Foods, National Foods and 7 Eleven.

Through his thought leadership, Dan has been an advisor to organisations around the world including the World Economic Forum, World Business Council for Sustainable Development, United Nations Environment Program and the European Environmental Awards. As a sought-after speaker, Dan has presented at over 100 worldwide conferences & events.
